The Powerful, 14, first-class cruiser, Captain the Hon. Hedworth Lambton, has been officially inspected at Portsmouth by Admiral Superintendent Rice, Acting Commander in Chief, in the absence on leave of Admiral Sir M. Culme-Soymour, Bart. The Powerful went out of harbour on 29th September. She commenced her progressive trials in Stekes Bay with the object of ascertaining the amount of horsepower required to propel the ship at given speeds. She had four runs over the measured mile at 12 knots and a similar run at 14 knots; and it was ascertained that she gave a mean speed of 10.4 knots with 2,300 horse-power and 141 with 5,400 horse power. Wong Chuk Lam was defended by Mr. K. W. Mounsey and Pan Pun Chi by Mr. C. D. Wilkinson. Mr. H. L. Donnys said the case was the first of its kind that had been before the court, and was brought by the Captain Superintendent of Police. He explained very fully the term champerty and in what, the offence consisted. The facts were that at about 9 p.m. on April 5th a fishing junk was run down off the Lycemoon Pass by the lodging houses, made under sub-section 12 of P & O steamer Rosetta, which was coming: into Hongkong at the time. The owner There were 2,352 visitors to the City Hall of the junk, Kwok Hin Tai, and others bonts, but the owner's mother, uncle, wife, and child were drowned. The next day Kwok Hin Tal went into the Wing Cheong on, a Seaman's Boarding House in Victoria Street, and there met Pan Pun Chi, who upon hearing of the accident, offered to engage a lawyer to obtain compensation from the P. & O. Company. He likewise undertook to defray all costs, if Kwok Hin Tai was willing to let him have 60 per cent, of whatever amount was recovered for the loss of the junk and 30 per cent of the claim for lives lost Kwok Hin Tai accepted the terms, and was brought to Mr. K. W. Mounsey's office, where he had his statements taken down by Wong Chuk Lam. This latter paid on behalf \$50 to Mr. Mounsey and two suits were instituted against the P.&.O. Company. On 17th May the P. & O. Company, Ithrough their compradore, offered Kwok Hin Tai 32,000 in settlement of his claims, but he demanded 34.400. The compredere, however, promised to raise another \$300 by public subscription and the offer was then accepted. \$2,000 was paid on place of Mr. E. THE DEFINITION OF A STREET. The COLONIAL SECRETARY-With regard to the other sanitary by law which I had intended to move that the Council approve to-day, I am not able to bring it ward, but I trust at the next meeting I shall be in a position to do so. The by-law has been sent back to the Sanitary Board with a view to its defining the word "street" more clearly. The suggested afteration is as follows: - For the purposes of this by-law the word "street ahail mean and include the following: street, read, lane, alley or passage, whether thoroughfare or not." If, as is hoped, the Sanitary Board will see its way to adopting the suggestion the by law will be submitted at the next meeting of Council.

Hon, T. H. WHITEHEAD-In connection with this item I observe from the Colonial Surgeon's report for this year that a first class patient in the hospital obtains accommodation, medical attendance, board, including wine; for \$5 per day, while in the first class hotels the accommodation alone is \$10 a day. It seems to me that the increase in the colony is, making greater demands upon the hospital than it did formerly, and I do not quite see why the hospital should be a charitable institution. The CHAIRMAN-I may inform the hon.

member that the Government has considered the question of raising the fees and it has been decided to raise them in view of the fact that the present rate is too law. Hon. T. H. WHITEHEAD In the came roport the Colonial Surgeon refers to the ordinary seaman, who receives medical attendance and accommodation at the hospital for \$1 a day, which is cheaper than he could procure accommodation alone at a low class hotel. Do

the Board of Trade seamen pay the same rate?

. The CHAIRMAN-The Harbour Master wil

answer that question. The HARBOUR MASTER-There are a certain subjects and they pay exactly the same rate. Hon. T. H. WHITEHEAD-I presume that when this scale of charges was fixed the exchauge was 3s. 6d. or 4s. The CHAIRMAN-The charge was raised

about eighteen months ago. The HARBOUR MASTER-The charge was raised from 75 cents to \$1. The CHAIRMAN-And it is the intention of the Government to raise the fees generally again. When it has been absolutely decided what the increase will be I will let you know. Itam recommended.

constituted I purpose before submitting to your decision the resolutions which knye been aircolated amongst you, to offer a few preliminary or explanatory remarks which may not be with out interest to those who by investment in this Company's shares have shown their confidence in the enterprise. The original prospectus prowided, as you are aware, for a mill to contain 40,000 spindles, but upon the arrival of our mill master, Mr. Kerfoot, he pointed out that the mill buildings had been planned on so liberal a scale that we could find space for 10,000 more spindles. It is self evident that this increase of 25 per cent number of seamon who form Board of Trule in the power of production was an advantage it was our duty to avail ourselves of without delay, and the nocessary steps have been taken to that end. These 10,000 extra spindles were. of course not contemplated in the original provision or capital, and their cost, plus an excess over estimates for buildings (due mainly to rent. From what I have said; and also by our action in connection with the proposals new to be put before you, we have evidenced our opinion of the future, and holding that opinion we are desirous of saving time in starting the extension recommended. It is to save time, and time is money, that we have pony. The 50 for China ponies, weight for resolutions we hope to avail ourselves of the inches as per scale. 81st of December next as the date on which the

register of shareholders will be closed for the

making up of the list of those entitled to the

ing no call whatever for funds until the native sottlement is over, and even then for but a very small sum. With respect to finance, the resolutions seem clear and little more need, be said. The present mill of 50,000 spindles will cost complete a million and a quarter, and we expect to save some two lakes on the extension; we have thus to provide for a total expenditure of something like two and a quarter million tacks, or pony, Tls. 50; for China ponios; weight for say £285,000 when rendered in storling. The calls on the new shares will be Tis. 10 on application and Tls. 15 on allotment, whilst the other Tls. 75 per share is only leviable when required in calls of Tis. 25 per there at intervals of two months. So far as we can see these fands will suffice for the greater part of next year, and the debentures will not be necessary until 3 we come to payments for machinery. There is. no intention of issning these debentures on The CLUB Cup; value, Tls. 150; second pony, bloo; the money will only be required from The 50; third money Tls. 25, if more than time to time, and we anticipate no difficulty five starters; for China ponies; weight for in finding outlets, as eccasion may arise, for inches as por scale; griffins at date of entry these scourities. This mode of finance will, we believe, prove the most economical and efficient, and in order that debenture holders may be in the soundest legal position, we purpose inviting two well-known local residents to act as trustees. I am glad to say that Mr. W. D. Little and Mr. Dowdall are prepared to accept the position of trustees; and you will, I am sure, be very pleased to welcome Mr. Alex. McLood, who bas kindly consented to fill the cent on the Board vacated by Mr. Adler on his leaving for Europe. T have dealt now with every point of interest which occurs to me, though before putting the resolutions to the meeting, I will endeavour to answer any questions bearing on the resolutions. should anyone desire further information.

Mr. Ph Archold said that before the resolutions were passed, he thought it would be better for them to make sure that cotton spinning in Shanghai would be a snonces. He also thought that the General Managers commission, even at per cent, was excessive and went into detailed figures to prove his contention. He moved that the meeting be adjourned until the directors could put figures before the shareholders to show. that the cotton spinning industry was likely to

In reply, the Chairman said -I am very pleased to find that Mr Arnhold at least agrees with me as to the prospects of the industry. As to postponing the extensions until we show figures I have already said we intend to close the accounts to the 31st of this month and then to hold a meeting, and as we are compelled to hold a mosting confirmatory to this one, shareholders will see what the position is from our accounts before the confirmatory meeting is held. We wish the resolutions possed now so as to enable us to proceed with the groundwork of the extension during the winter months, and to got on with the buildings before others take similar steps or new milk are started, which as per scale; winner of the Criterion 71bs, might sgain create the building difficulties of last spring. As to commissions, my predocessor in the chair stated the policy of our firm when he said the Company would always be treated with consideration, and the fact of passing the resolution as to commission does not preclude us from continuing the same practice in case of necessity. If no one desires to second bir. Arnhold's amendment I will now put the resolu-

As Mr. Arnhold was unable to find a seconder, the Chairman proceeded to put the resolutions to the meeting. Proposed by Mr. E. F. Alford, seconded by Mr. J. Prentice - That the capital of the Company be increased to Tls. 1.750,000 by the creation of 7.500 new shares of Tis. Tut such
